Worried Love is the 2nd solo album from Chris Sutherland, a founding member of Cerberus Shoal and Fire on Fire. Instrumentally more lush and dense than his amazing debut, *Me In A Field*, *Worried Love* features Fire on Fire members Caleb & Colleen (also Big Blood), Micah Blue Smaldone and Tom Kovacevic, along with Jerusha Robinson (South China/Brown Bird) and many other incredible players.

Singing in both English and Spanish, Chriss writes long, heavy, rhythmic tunes on acoustic guitar, which become anxious pleas for sense and harmony.

Me in a "Field":

"The songs smell of salt air and burnt afternoon sun, with a dusty veneer of Spanish language touching up the chorus' and subtle underpinnings of piano and banjo to round out Sutherland's spare voice and guitar."

—Raven Sings the Blues

"These are simple songs by a gifted songwriter, and some of the most honest music you will hear this year."

—Your Flesh
